TECH BACKGROUND

- ▶ Linux · Nginx · Docker
- ▶ Python / Django · React
- ▶ PostgreSQL · Redis
- ▶ Proxmox · VMware (DC)
- ▶ Cisco Networking (CCNA)

LANGUAGES

English — B2 Professional
Russian — C2 / Fluent
Uzbek — Native

PROFESSIONAL SUMMARY

Accomplished IT Project Director with a unique combination of strategic program management and deep technical engineering expertise. Delivered multi-million-dollar infrastructure programs in partnership with the World Bank and Asian Development Bank, led digital transformation at one of Uzbekistan's largest state-owned financial institutions, and built government-grade information systems from the ground up. Equally fluent in boardroom negotiations and server terminal commands.

PROFESSIONAL EXPERIENCE

IT Project Manager — Digital Transformation & Contact Center

Ipotekabank OTP Group (Top-5 State Bank of Uzbekistan) | Nov 2025 – Present

- ▶ Spearheaded the modernization of the Contact Center technology infrastructure serving 2M+ bank customers — end-to-end from requirements gathering through vendor selection to production deployment
- ▶ Directed implementation of AI-powered chatbot platform, next-gen CRM, and omnichannel communication stack, reducing customer wait times by ~35% and manual agent workload significantly
- ▶ Led cross-functional alignment across 6 departments (InfoSec, Legal, Risk, IT, Methodology, Compliance) coordinating up to 45 simultaneous stakeholders
- ▶ Drafted and managed RFP cycles for enterprise IT vendors; negotiated SLAs, delivery milestones, and penalty clauses with international technology suppliers
- ▶ Authored all internal regulatory documentation: policies, orders, procedures, executive dashboards, and board-level progress reports

Senior Project Manager — Infrastructure & International Programs

LLC VALSTATEX (Enterprise IT System Integrator) | Dec 2022 – Oct 2025

- ▶ Authored the Feasibility Study (FS/TEO) for a landmark digital cadastre transformation program in collaboration with the World Bank — covering infrastructure architecture, risk framework, TCO/ROI model, and technology roadmap for the Cadastral Agency of the Republic of Uzbekistan
- ▶ Delivered full-lifecycle Data Center design and deployment projects: site audits, engineering systems (power, cooling, structured cabling), server and networking equipment selection, vendor management
- ▶ Secured and managed competitive tenders valued in the multi-million USD range; coordinated cross-border procurement with international vendors including customs clearance and logistics
- ▶ Provided infrastructure consulting to state enterprises and financial institutions: IT audits, modernization roadmaps, TCO analysis, and technology selection frameworks
- ▶ Managed project teams end-to-end: task allocation, timeline control, risk mitigation, and full documentation lifecycle (SoW, SRS, Gantt, MOM, progress reports)

EDUCATION

BSc — Instrumentation & Electronics

Tashkent State Technical University
2019 – 2023

Diploma — Telecom & Networks

Tashkent IT Professional College
2016 – 2019

Full-Stack Dev Certification

Stark EDU · 2019

ALSO KNOWN FOR

- ▶ Full-cycle web dev (Django+React)
- ▶ Linux server admin & deployment
- ▶ KIP / industrial automation
- ▶ ATS telecom infrastructure

IT Sales & Project Manager — ADB Smart Highway Program

Sharifa Com | Apr 2024 – Sep 2024

- ▶ Key team member on an Asian Development Bank (ADB)-co-financed project for supply and integration of smart highway ITS infrastructure — Uzbekistan's first intelligent traffic management highway corridor
- ▶ Led commercial negotiations with foreign equipment vendors; prepared tender documentation compliant with ADB international procurement standards
- ▶ Managed full client engagement cycle: needs assessment, solution design, commercial proposal, and contract execution

Assistant Project Manager

Soft Data | Apr 2022 – Nov 2022

- ▶ Prepared technical documentation packages for tenders (SoW, specs, presentations, bid sets); managed presales requirements gathering and foreign supplier correspondence

Fullstack Developer — Commercial Web Systems (Freelance)

Self-Employed | 2019 – Present

- ▶ Sole developer on 3+ production web platforms: government chemicals registry, B2B enterprise portal with CRM, and medical professional portal — full ownership from architecture to Linux server deployment

Specialist KIP — Industrial Automation

UzCarlsberg (Carlsberg Group — Uzbekistan) | Dec 2021 – Mar 2022

- ▶ Maintained 100% uptime of PLC-driven production lines; calibration, diagnostics, and PPR of sensors, controllers, and automated conveyor systems
